Sewage Bonds Get Voter O. K.

Less than one-tenth of the North San Mateo County Sanitation district's voters turned out Tuesday and overwhelmingly passed a $600,000 bond issue for construction of a local sewage treatment plant.

Ballotting for approval of the bond issue was 962, while 261 opposed the measure. A two-thirds majority was required for approval of the bonds.

The isue won handily in all ten precincts.

The 1223 voters who went to the polls constituted less than one-tenth of the district's 12,600 eligible voters.

Next step toward realization of the plant, to be located near the intersection of Lake Merced boulevard and Alemany extension, will be sale of the bonds and drawing up of plans and specifications.

James Kennedy, president of the district's board, said completion of plans by Harry Jenks, district engineer, would take about two months.

Kennedy said actual construction of the primary-type treatment plant should begin in about three months.

700 Teeners Turn Out For Festivities At Local Center

Nearly 700 teen-agers swarmed to the community center Tuesday night for the first dance of the summer season.

The turnout exceeded all expectations of the recreation department, who are supervising the teen-age program.

As one student summed up the response: "This is just what we have always wanted."

The youngsters danced until 10 in the evening and enjoyed soft drinks and cookies.

The staff of the recreation department was on hand to aid in the activity, and expressed their pleasure at the excellent conduct of the club members.

The club's next dance will be announced in the near future.

CHAMBER VOTES TO HIRE MANAGER

At a special meeting of the Chamber of Commerce board of directors held Tuesday night at the city hall budget for the year '53-'54 was discussed and decision was made to hire a business manager.

The board said the manager would be hired on a full or part-time basis, depending on the financial status of the chamber.

The next meeting of the board will be held Thursday, June 11, while the regular session of the chamber is scheduled for June 18.

PARK IS SLATED FOR NORTH COUNTY AREA

The San Mateo county board of supervisors have set aside $20,000 in the general budget for purchase of a park site in the north county area, it was learned this week.

According to Thomas Callan, supervisor from this district, the board plans to locate the park on a site that will be accessible to residents of Daly City, South San Francisco, Winston Manor and Buri Buri.

The park will be approximately 10 to 15 acres in size, and will probably contain a baseball field and picnic grounds, Callan said.

CHAMBER SEEKS $17,000 FOR COMING YEAR

An initial budget of $17,150 was submitted to the city council Monday night by Daly City's newly reorganized Chamber of Commerce.

It marked the first time that any civic organization has made such a request for city funds.

Mayor Anthony Gaggero said he thought the figure was "a little high," but indicated he thought the chamber had a definite need for operating funds.

The council took no action on the budget and Gaggero said the chamber's request would be held over pending further study of the city budget.

William Kennedy, president, and Pete Markovich, director of the chamber, presented the budget request at the meeting.

COUNCILMAN IN ASSAULT CHARGE

Edward J. Dennis
. . . "In Self Defense"

Edward J. Dennis, local councilman and head of the Milkwagon drivers' union, No. 226, will appear in Judge Fred Wyckoff's Municipal court Monday on an assault and battery charge that allegedly arose over a "union disagreement."

Charging Dennis with an "unprovoked" attack was Thomas J. Foley, 32, of 446 25th avenue, San Mateo, member of the drivers' union.

Foley claims that Monday, while he was working on a construction job in Burlingame for the Murray Fence company, Dennis assaulted him.

However, Dennis told the following account:

"I went out to check on whether Foley was employed. According to union regulations a member who secures outside work is supposed to report to the union.

"When I asked him if he was working, he began speaking to me in a profane manner."

Dennis said after a brief interchange of words, Foley grabbed him by the neck and started "slugging."

Two other worker were witnessing the tussle, Dennis said. "I asked his fellow workers to call him off. I didn't want any trouble. They just stood there," he continued.

The councilman then stepped back and struck Foley, according to his own account.

Dennis said he held Foley down, asking the other men to summon police.

They paid no attention to him, he related. Finally, Dennis said, he let the man up and drove to Hillsborough, where he reported the incident to police there.

Tuesday Foley signed a warrant asking the arrest of Dennis on charges of assault and battery.

However, yesterday morning the Burlingame police, who had mailed the warrant to Daly City to be served, recalled the notice. They explained that Dennis had already made arrangements to appear in court of his own accord.

Mrs. Foley said that Dennis, "wearing a disguise," had followed her husband from their home in San Mateo to the construction job at 2730 Burlingame drive. "He was wearing a baseball cap so we wouldn't know who it was," she said.

Dennis explained that he struck the blow only to "defend himself."

Special Census May Net Daly City More Than $10,000 Yearly

POPULATION COUNT IS SLATED FOR JANUARY

The city of Daly City may receive in excess of $10,000 more a year from the state as a result of a special census scheduled to be held here in January, 1954.

The city council Monday night instructed Dan Andersen, city administrator, to contact the bureau of census, Washington, D.C., to request that a census be taken here at that time.

At the last decennial census (1950) Daly City's population was recorded at 15,191. Andersen predicted that by the time the special census is made next year the population will hit 25,000.

The state bases its local apportionments for motor vehicle in lieu, alcohol and other taxes on population. If the 25,000 figure is reached Daly City should receive "at least" $10,000 a year more, Andersen said.

The census will cost approximately $2,500, based on a rate of ten cents per person.

A request from the police commission for another motorcycle and patrolman was approved by the council Monday night.

They are expected to take formal action on the purchase and hiring in July or August.

A study of plans for the new Westlake firehouse was laid over as final specifications were not available. The council hopes to call for bids on the structure on June 22.

The council also approved rezoning of a site at West Moltke and Mission street from R-2 (residential) to C-1 (light commercial).

The re-zoning was sought by Joseph L. Bocci. At last week's meeting Dr. Theodore Paoli, who operates a clinic near Bocci's property, protested the re-zoning.

Architect's of the Stoneson company are drafting plans for the gymnasium, expected to cost about $16,000, Belli said.

DOUBLE SESSIONS

Outlook Is Brighter For 1953-54 Session

As summer vacation approaches for the 3500 students of the Jefferson elementary district, the classroom space situation appears a little brighter for the coming academic year.

That old bugaboo, double sessions, will be cut to a minimum, and may be done away with as early as January, according to figures tabulated recently by the school district.

Use All Space

However, it will mean utilization of every bit of space available to bring this about.

H. Z. Weibel, superintendent of the district, said at the commencement of the fall '53 term only Benjamin Franklin and two rooms at Crocker school (fifth and sixth grades) will be on the double session schedule.

The Ben Franklin school, just recently completed, has housed the seventh graders from Colma during past weeks.

Since completion of the Benjamin Franklin school, the Colma school has been on single sessions.

Colma, however, will return with the double program in the fall to take care of seventh graders.

Hinges On Colma

As the situation stands now, if the Colma school were completed by September there would be no double sessions in the district next year.

All primary children (through the fourth grade) will be on regular sessions next year.

Weibel estimated that enrollment would remain about on par with the spring figure, 3500.

If the end of double sessions is realized by the middle of next year, it will be the first time in five years that the district has been on a conventional schedule.

Weibel told of one mother who said recently that her child, a sixth grader, attended his first regular session this year.

End To Double Sessions Is Seen Next Year -- If All Goes Well

END OF DOUBLE sessions in elementary schools hinges on completion of new Colma school, expected about next January. Colma multi-use room in picture is progressing rapidly. Room will house three classes on completion, as will other multi-use rooms in district schools. Only solution to end of double schedule, district superintendent points out, is through use of every available bit of building space.

BRISBANE ANNEX TALK "MISQUOTE"

Nobody Knows Anything About Reported Move

Brisbane apparently has no intentions of being annexed to Daly City, contrary to reports circulated last week.

Several daily publications last week quoted Arthur Bodien, member of the county planning commission and superintendent of the local water department, as saying, "A movement for incorporation in Brisbane is still alive. A lot of people in that city would like to annex their area to Daly City, using a ten-foot annexation strip across the Crocker estate as a connecting link."

Bodien, however, said he was misquoted.

City Administrator Dan Andersen said he knew "nothing" of any drive in Brisbane for annexation to Daly City.

Ted Dagler, president of the Brisbane Lions, only active civic organization there, said, "I don't know anything about it. It's never been brought up at any Lions club meeting."

He said there had been some talk of incorporation, but the move had died a natural death. Those fighting for incorporation had

STATE CONDUCTS SURVEY HERE ON EMPLOYEE WAGES

Some Changes Seen In Salary, Status

Revision in city employee classifications and pay seemed imminent this week as a survey by the state personnel board entered final stages here.

Robert Fischer, personnel analyst for the board, said he would meet next week with Dan Andersen, city administrator, and a representative of the local council, to recommend "a few" changes in job classifications and wages.

The personnel analyst has been conducting the survey here for the past two weeks in conjunction with a similar study of personnel matters in South San Francisco and Millbrae.

Fischer said purpose of the surveys is to try to recommend salaries comparative to other cities and to industry.

He explained that while some salaries may be adequate for the classification, the individual might be in the wrong classification.

By being moved to another classification, the individual could be

Quiz Team Claims Win Over Riordan

SEEK FIFTH STRAIGHT VICTORY TOMORROW

A trio of Jefferson high school students swept to their fourth consecutive win Saturday on the televised Del Courtney teen-age quiz contest.

The Daly City team downed Riordan high, 145 to 130. Senior Rudie Schubert took high point honors with 75, while Roberta Taylor and De Wayne Soares, both juniors at the local school, scored 40 and 30 points, respectively.

Three more wins will give the trio a tie for the number of victories. Balboa high school racked up seven wins last year before being eliminated.

The Jeff team will meet an opponent yet to be named tomorrow (Saturday).

The contest takes place between 3 and 4 p.m. on KPIX, channel 5.

NO MISHAPS HERE ON MEMORIAL DAY

Police Check 643 Cars; Only 50 Defects Found

While traffic accidents across the nation were claiming some 250 lives over the Memorial Day weekend, Daly City escaped without a single auto mishap.

Officer Henry Sundermann reported that traffic was "comparatively low" for the holiday period.

Friday night a vehicle check was held on Mission street in front of the community center and only 50 defects were found of the 643 autos stopped.

Officers Sundermann and Les Bastedo, who supervised the check, said 44 defective lights and six mechanical defects were found. No drunken drivers were discovered, but one woman was ordered home in a taxi, after police detected alcohol on her breath.

The vehicle inspection was aided by the service of ten auxiliary policemen.

Saturday six of the auxiliaries were called out in anticipation of heavy traffic conditions which failed to materialize, according to Sundermann.

The road checks will be continued throughout the year in connection with the Bay Area traffic executive council, Sundermann added.

Burglar Gets $100 In Nickels From Local Billiard Hall

An agile thief, shimmying up pipes on a near-by building, broke into the Daly City Billiard Parlor, 6380 Mission street, Monday and escaped with $100 worth of nickels from a pin-ball machine.

Kenneth Bassler, proprietor of the billiard hall, said he arrived about 8:45 a.m. Monday and noticed the small door in the "Summertime" machine ajar.

Also missing was a small white bar towel, which the thief apparently used to carry away the loot.

The burglar didn't tamper with any of the other machines and neglected the few dollars in the cash register.

Police said the ingenious thief scaled pipes in the rear of the building, then crossed the roof and descended a ladder through the skylight between 6390 and 6396 Mission.

He climbed into the parlor through a small window on the south side, police said.

According to local officers, a screw driver or small bar was used to jimmy the machine.

Time of entry was established at between 7:40 p.m. Sunday and 8:30 a.m. Monday.

FOUR YOUNGSTERS HURT WHEN BUS, TRUCK COLLIDE

Four elementary school children received minor injuries Monday when the bus in which they were riding collided with a pick-up truck at the intersection of Fairlawn and Southgate avenues.

Suffering minor hurts in the mishap and taken to Junipero Serra hospital for treatment were: Robert Braun, 10, of 403 88th street—cut upper lip; Arthur Hess, 9, of 524 87th street—cut lower lip; John Hess, 8, of 508 87th street—laceration near left eye; and Donna Dennis, 9, of 262 Railroad avenue, bruises and cuts on her left side.

All four were released after treatment.

Police said the bus, driven by Gean Krigin Perry, 41, of 676 Hanover street, was traveling east on Southgate when it collided with a pick-up truck going west on Fairlawn. Driver of the truck was Roland J. Jeppeson, 50, 1121 Montgomery street, San Bruno.

After the two vehicles struck, the bus came to rest against the south curb of Fairlawn and the Southgate.

Jeff High Teacher Will Fight For Job

A complaint will be filed today or tomorrow in Superior Court in Redwood City asking the re-hiring of Joseph Fulford, Jefferson high teacher who was dismissed recently along with 11 others.

Thomas Jenkins, attorney for Fulford, said the complaint was being drafted into final shape early this week.

The attorney said a writ of mandamus against all trustees of the district would be sought. The writ, in essence, calls for public officials to perform their delegated duties.

The duties, in this case, would be for the school board to establish Fulford's tenure.

Jenkins claims that Fulford, who has taught at the local high school for six years, already has tenure.

The high school district was confronted with tenure this year for the first time. The tenure law states that any teacher re-hired after three consecutive years automatically receives tenure, and is established at the school on a permanent basis.

Jenkins maintains that since Fulford has taught at the school six years, he is legally entitled to tenure.

"The district's task," Jenkins pointed out, "will be to prove Fulford doesn't have tenure."

Jenkins indicated the present tenure law actually is only a ruling made by the attorney general, and has no legal foundation.

If the court ruling goes in favor of Fulford, it may set a precedent in such action. Several other Jefferson high teachers who were dismissed had spent in excess of three years at the school.

Fulford said he had taken the action because he thought the board "acted unfairly" and shouldn't be allowed to make such decisions without legal authority.

Double Sessions May End Soon

(Continued from Page 1)

Problem Not Over

But the fact that double sessions may end next year doesn't mean the problem will be vanquished.

Weibel points out that all multi-use rooms will be put to use as class rooms, with three classes in each single room. All special activities rooms will also be utilized for class quarters.

As Weibel puts it, "every available inch of space" will have to be used to keep classes on regular sessions.

At Least Five Years

Weibel points out that it'll be at least five years before the building program will overtake the rapid growth of the community.

Projected plans call for construction of the Vista Grande school to begin in November 1954, while work on the Olympia school, to be located in the Westlake area, is scheduled to start a little sooner.

Average number of pupils per class next year will be about 32 or 33. This compares unfavorably with the recommended maximum of 25.

Crowded Classes

Some classes are expected to have between 35 and 40 students.

Instructing the district's students next year will be 110 teachers, as compared with 105 employed during the year now closing.

More teachers would have been hired for the coming year, but the small number of available classrooms made it impossible.

Fischer said salary ranges, rather than flat steps, will be suggested. At present only the police and fire department base salaries on the range schedule.

CHILD RESTING WELL AFTER FALL FROM CAR

Six-year-old Larry Taylor was reported resting well in Children's hospital yesterday after suffering a slight concussion Sunday when he fell from a rear seat of his father's car.

The vehicle was approaching Lake Merced boulevard on Junipero Serra boulevard when the door flew open and the child was hurled to the pavement.

Attendants at the hospital said the youngster received head injuries, but was not on the critical list.

The boy is the son of Mr. and Mrs. Raymond Taylor of 458 Citrus avenue.

Oregon bound today is LORRAINE DE FANTI, local librarian, who is going to weekend at Corvallis and witness the graduation of her future husband. She'll go the way of the birds and fly back Tuesday.

RIDING ACADEMY PLANS APPROVED

Daly City's planning commission Monday night approved plans for a riding academy to be located west of Skyline boulevard near here.

Revised plans were submitted by William J. Zappettini. His new specifications call for a setback of 125 feet, thus allowing the state ample footage for the proposed Skyline freeway.

Zappettini's earlier plans had been stymied by the state because he hadn't called for a large enough setback from the proposed freeway.

Sanford Vickers, secretary of the commission, said that two other developers, Murray Norton and Col. H. Bridgeman, may now proceed with their plans in view of the state's decision on Zappettini's property.

The commission also approved preliminary plans for building two homes on property facing Los Banos near Mission, submitted by Murray Roche, general contractor.

The commission's decision on the vacating of Atlanta street, where the PG&E sub-station will be erected, was two to one in favor of the action. William Pinney and Fred Bertetta approved the street vacating, while Vickers opposed it.

However, the commission agreed that Orange street, which will be the only acces to the southern Abbey Homestead area on vacating of Atlanta, should be widened as a precautionary measure.

GOING STRAIGHT

There is no question that "going straight" is a safe direction of travel if you are driving attentively and at a reasonable speed, says the California State Automobile Association. However, if a straight stretch of road lulls you into a careless attitude and extravagant speed, you are going straight into danger.

Local Guard Unit Leaves June 13 For Summer Training

The local guard unit, Battery B, 149 AAAAW Bn. (SP), leaves for their annual two-week summer field training on June 13.

This year B Battery will spend two weeks of intensive training with the 49th Infantry at Camp Hunter Liggett. The peninsula guardsmen plan to travel by truck convoy to their encampment site via Salinas and King City. All of the guardsmen interviewed expressed enthusiasm and hope for a bigger and better encampment.

There remains only a few short weeks before the guardsmen leave for camp. At this time there are a few positions still vacant in Battery B. Captain Wililam Pozanac, commanding officer, urged all young men interested in serving their community to investigate the many advantages of membership in the California National Guard. No Time For Comment

Passage of the sewage bond vote Tuesday is a tribute to the foresight of those local residents who had the interest to show up at the polls.

But, considering that there are more than 12,500 voters in the North San Mateo County Sanitation district, it is alarming that only some 1200 (one-tenth) appeared to cast their ballot.

The non-voters are, in effect, defeating the purpose of the democratic ballot.

For in Tuesday's election, the decision was rendered by one-tenth of the persons concerned, hardly a majority opinion.

Yet, by the other token, perhaps those who did vote were more qualified to do so, since in showing an interest in the matter, it is evident they concern themselves with vital civic questions.

Now that the verdict has been rendered by the voters, it shall stand.

Those who opposed the sewage plant and had the gumption to indicate their opinion by ballot have every right in the world to complain if they maintain the project wasn't needed.

However, the non-voters who opposed the measure had better bow their heads in meekness and resolve themselves to the facts.

If you didn't mark your **X**, you have no legitimate kicks.

Taxation And Ruination

A choice bit of malarkey dropped recently by county supervisor Alvin Hatch to the effect that San Mateo county residents really "have it soft" in property taxes has been vigorously debunked by recent facts.

The tax digest of the California Taxpayers' association shows that in San Mateo county there has not been even the slightest drop in the upward trend of total property tax levies in the ten years 1943-44 to the current year, 1952-53.

The total tax levy back in 1944 was at $4,123,879. During the next four years it jumped gradually, hitting $8,170,791 in 1947.

From '48 to '49 the jump was $4,000,000; $2,000,000 next year and less than $3,000,000 from '51 to '52.

This year it is a healthy $25,328,802, or more than $5,000,000 over the figure for '52.

Of this the general county taxes take $5,424,119.

Naturally, the increased assessed valuation distributes the tax load a little.

But even at that, there's still no excuse for the confiscatory and unjust taxation that exists in this county, particularly on the northern end.

RIDGELY CUMMINGS REPORTS:

...from HOLLYWOOD

IN THE STANISLAVSKY TRADITION

Maurice Schwartz is a name to conjure with among theatre lovers. For years I'd been hearing about his dedicated efforts to keep alive the Stanislavsky tradition but not until the other night did I see him on stage for the first time.

It was, as I told him backstage later, a privilege. The man is a master in the use of eyes and eyebrows, of hands, of blocking and crossing, of timing and of the multitude of little details that go to make up theatrical perfection.

Lives The Part

He lives his part and communicates directly with the audience while seeming to be engrossed in the action on stage. The play is alive and vibrant whenever he is present, whether he is speaking or not.

Schwartz is of the old-fashioned school of acting, but not so old-fashioned as to be ridiculous. Some months ago I had the embarassing privilege of watching Eugenie Leontovich act. Her reputation is almost as lustrous as that of Schwartz but I found her exagerated gestures and pregnant pauses too melodramatic for my taste.

Schwartz has such technical brilliance and such overwhelming stage presence that, if he carried it a step or two farther, he might verge on the hammy side. But he never trangresses that fatal barrier between feeling and burlesque.

Acting Was Better

What I didn't tell the actor during our brief backstage chat was that I thought his acting was better than the vehicle for it. One doesn't volunteer such opinions and if I had been asked I would have been tempted to welsh on the answer.

He was starring in a comedy called "It's Hard To Be A Jew." It was written by a gifted man, now dead, who used the pseudonym of Sholem Aleichem.

The action occurs in Czarist Russia and the plot revolves about the switching of identities of two young students, one a Russian nobleman and the other a Jewish commoner. Although the situations were amusing and there was the usual conflict over "love," with both young men wooing a Jewish maiden, the play was of rather sectarian interest.

The Term "Schlemeil"

Quite a bit of dialogue revolved around the term "schlemeil," which seemed to be a sadistic epithet applied to anyone without money or wearing old clothes, such as Mr. Katz, a marriage broker in the play. The audience laughed heartily each time Mr. Katz or some other unfortunate character was referred to as a schlemeil but such humor struck me as being, as some wise man has put it, "as funny as a crutch."

Three of my friends were in the cast so I was backstage both before the curtain went up and after it rang down. Consequently I felt like a friend of the family, one who should, naturally be prejudiced in favor of both the play and the performance, and my conscience bothered me that I wasn't able to endorse it whole-heartedly.

A Midnight Snack

We all adjourned to a Hollywood cafe for a midnight snack and, discussion of the play becoming general, I found myself on the spot. I felt constrained to say that I thought it was a little on the chauvinistic side. This idea startled them and I was forced to defend my thesis that chauvinism was not a quality reserved for the majorities but that minorities could be guilty of it too.

We were on much less controversial ground when we dropped philosophy and started talking about Maurice Schwartz.

Schwartz studied under Stanislavsky in Russia before coming to New York to found and direct the Yiddish Art Theatre.

For 31 years he held forth on Second avenue and Houston street, presenting such plays as "Brothers Ashkanazi," "The Dybuk," "Yosha-Kalb" and "Shylock and His Daughter." I was in New York during part of that time and frequently went to the Civic Repertory theatre on 14th street but never penetrated further south, an omission which I have regretted since Schwartz came to Hollywood and so many of my friends started reminiscing about his earlier productions. One of his most successful efforts must have been Maxim Gorky's great play, "The Lower Depth," for I have heard glowing reports of it from varied sources.

Nurtured Talents

In New York Schwartz nurtured the talents of many who were destined to become as famous as their teacher, actors like John Garfield and Paul Muni, directors like Elia Kazen, playwrights like Sholem Asch.

The group of young actors and actresses he has gathered around him now in Hollywood are equally enthusiastic about his fire and passion for the truth on stage, his zeal for perfection in technique, his patience with the actors whom he instructs in intonation and characterization.

My three friends in the Schwartz company are named Oscar Kayle, Murray Brasky and Jerry Lawrence. All three vied with each other in reciting instances where the Schwartz advice had been invaluable to them.

A Radical Student

Oscar plays a radical student named Greensberg, Murray plays a bigoted janitor and Jerry is another students with a fondness for champagne. Schwartz went over their parts in great detail with each of them and they were justifiably proud of the result. In fact, most of the time we spent together that evening was occupied by one or the other of them singing his praises. But I didn't have to be told. I had just seen him.

In the near future Schwartz will stage "King Lear," with himself in the title role. That I wouldn't miss, even if I should fall upon evil days and be forced to buy a ticket. It was the aged king that he and I talked about backstage and I seized the opportunity to put in a good word with him for an actress friend who would make an excellent Goneril.

Here name is Vivian Brown and someday others beside myself will be writing about her. And that goes for Oscar, Murray and Jerry too. Working under the old master, they are in an enviable position and should grow rapidly in dramatic stature.

Sanitation Board Expresses Appreciation For Endorsement of District Bond Issue

The Record
3317 San Jose Ave.
Daly City, Calif.
Sirs:

On behalf of the board members and myself, I wish to express our apreciation to THE RECORD for your endorsement of the District's $600,000 bond issue which the people overwhelmingly approved last Tuesday.

Under conditions of today when people are already burdened with high living costs and mounting taxes, one hesitates to ask them to assume additional financial obligations. However, due to the necessity of removing an unsanitary condition of raw sewage flowing upon a recreation beach, the people did not hesitate to accept the responsiblity of correcting the situation and thereby improving our standard of living in the community.

To understand the problem, of course, one has to be informed. Through THE RECORD'S reporting of facts on the issue and editorially endorsing same there was no doubt in the people's mind when they went to the polls.

Again, may I say the board appreciates THE RECORD's stand to erase this blight on the community.

Sincerely yours,
Northern San Mateo County
Sanitation District

MY MAD WORLD

by Leonore Brewer

This has been a completely lost week. Gathering strength to arise early enough to hear the Coronation, I have seen not one movie, and the closest I have come to a concert is to read reviews.

Not that I am worried about what I'm going to say. Never have I been known to lack something to say. Last Wednesday I rang up something of a record in talking. Thursday, still stimulated by my success, I pounced as a cat upon catnip upon an unfortunate soul who chose that morning to peddle advertising space. There is plenty wrong with today's advertising, and believe me he heard all about it. However, we drift from the point of the column, which, as rashly promised the editor and you, was going to be music and films.

Do you remember Jan Kiepura and Marta Eggerth? You will, if you remember the musicals turned out by Gaumont-British in the pre-war days. I recall particularly a modernized version of **La Boheme** in which Kiepura in a pilfered dinner jacket several sizes too large sings that old Italian chestnut, **La Danza.** As to why that one scene should remain clear and sharp in my memory, while the rest of the film has blurred into dozens of others, you must consult my psychiatrist.

This singing team was later lured to Hollywood, where I do not recall he ever made a film. She wasn't so lucky, and with her blonde hair dyed, appeared in a horrible penny-dreadful. After being kicked around a bit more, they left.

Kiepura sang here in a production of **The Merry Widow.** Now for my money that is the greatest operetta ever written, and at the moment I am listening to the London FFRR recording with Max Lichtegg. To return to Kiepura, I retain no clear-cut impression of the quality of his performance, but I recall being assured by my companion (who had seen **The Merry Widow** during its very first run in London in 1907) that it failed to come up to that first hearing.

Somehow I seem to have lost track of my original thought, which was to say that Kiepura and Eggerth are at present giving joint concerts in New York. Should they, emboldened by success in the metropolis, risk the Indian raids along the pony express route to California, San Francisco is certain to be on their itinerary.

As I remember them, he was a dashingly handsome man, with a robust tenor that was too large for the speakers of that day, and she was a scintillating blonde. I hope that time has been kind to them.

HOW CAN I?

By Anne Ashley

Q. How can I satisfactorily change dirty white shoes to brown?

A. By rubbing them over with a mixture of 20 drops of saffron and two tablespoons of olive oil. Two applications are necessary for proper color.

Q. How can I prevent dirt from getting under the edges of the fingernails while gardening, or doing other dirty work?

A. Rub the ends of the fingers over some candle wax, taking care to get it well under the nails. When the work is completed and the hands washed, the nails will be as clean as ever.

Q. How can I cook peas without shelling them?

A. Place them with the shells on, in a kettle of boiling water. When the pods open, the peas will sink to the bottom and the pods rise to the surface, an indication that they are cooked. It is easy to skim off the pods.

Q. How can I avoid difficulty in finding an article when storing things for the summer or winter?

A. Mark each package as to its contents and there will be no trouble to find certain articles when they are needed.

Recognition Day Is Slated Sunday At Broadmoor Church

More than 150 youngsters will receive departmental promotions Sunday in recognition day services to be conducted at the Broadmoor Community Presbyterian church.

John A. Glasse, minister, said recognition day corresponds to commencement exercises in the schools.

The program has been developed to recognize the Sunday School's place in the development of Christian ideals and education.

Exercises in which the children will be promoted to higher Sunday School departments will commence at 9:45 a.m. All parents are invited to attend the ceremony.

At 11 a.m., in place of the regular semon, a movie, "More for Peace," will be shown. It is concerned with racial relations and problems concerning family life, according to the minister.

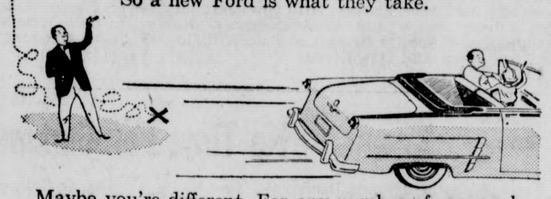
Sometimes
We Ford Dealers wish our Used Cars weren't so good!

Folks come in all steamed up to buy a new '53 Ford. Excited as they should be. Then they take a look at some of the A-1 cars on our used car lot.

And that sets them to thinking. And debating. And pondering. Because most all of our used cars are as young as Springtime and shiny as a new dime. Folks look at the price tag and say "Hmm . . . Now . . . maybe we ought to . . ."

That's when we wish our used cars weren't so good. But you know there's nothing quite like a new '53 Ford (even our good used cars). And new Ford "wanters" know it, too. So a new Ford is what they take.



Maybe you're different. For any number of personal reasons you may want a used car—a *good* used car.

If so, we've got them. *Here* are some examples:

'51 Ford Convertible Radio - Heater - Overdrive	Full Price $1695 $610 Down
'49 Ford Club Coupe Radio - Heater	Full Price $1025 $333 Down
'52 Dodge ¾ Express Truck	Full Price $1195

Come in and see them!

YOUR NEIGHBORS AND MINE

By Betty Brush

Hello Neighbors:

May, with it's share of the news, has passed into the book of time, and now we are in the first week of June. Next week is the last week of school but before we get into that, let's see what has happened in "our town" in the last seven days. MR. and MRS. CARL BURCH are the parents of a baby girl who tipped the scales at 7 lbs., 10 ozs. Her aunt and uncle, who are just as excited over her advent as her parents, are MR. and MRS. CARMEN NOLI, while grandpa is the REV. LEWIS MOREY of the Daly City Full Gospel Assembly.

DEBORAH JEANNE EAGEN was christenend at Our Lady of Perpetual Help church last Sunday with the Rev. O'Reilly officiating. Her godparents are JIM EAGEN, her uncle, and GLORIA BACIGALUPI, her aunt. After the christening a reception was held at the home of Debbie's grandmother, MRS. GERTRUDE JOHNSTON.

Thought For The Week

"Friendship"—what is it? We meet people every year of our lives. Why do some friendships last and some fall by the wayside? To quote Francis Bacon, "For there is no man that imparts his joys to his friends, but he joyeth the more: and no man that imparts his grief to his friend, but he grieves the less." Friendship is understanding, affection, peace, and most of all knowledge of one's friend for themselves without judgment. This is the way to bear life—because without friends one is indeed lonely and alone even though in the midst of a crowd. If a person has a friend, that friend is another himself. If a person has a true friend, he is safe in the knowledge that he will live on—a true friend never forgets. Through one's friends a person's memory lives on forever. Friendship, in the true sense of the word, is above price. So are all the great gifts that one receives. This is just a thought for all of us in these troubled times.

Items of Interest

EDWARD F. HARPER, '49 OLPH graduate, will be graduated from Benjamin Franklin adult high school on June 9. From there the Army beckons Eddie as it does all the young men of his age. From what I hear the majority of his class are already signed up for some form of the service. Good luck and congratulations, Eddie, from all the neighbors.

MRS. MAY BAKER had a very interesting weekend. She took a trip to Sebastapol to visit her son and while there watched a moving picture being made. What made this so interesting was that her two sons, LARRY and FRANK VENTURA, were both in the picture. The picture was shot on what is part of Larry's ranch and there were also three fellows from South City who played the parts of the bank robbers. Naturally, this being a "horse opera," we hope to eventually see it on TV. May is waiting for the opening, or should we say preview.

More news from the "wandering Harlans," who are now in Webaux, Montana. Foofie and Bud are visiting Bud's father and while on their way ran into some adverse weather that even the weatherman never heard of. It not only rained, but there was sleet, snow, hail and the water came down in buckets. They are of the opinion that "the old home town," even with it's fog, would really look good to them about now.

There was a shower at the home of MRS. EDNA CRUZ of Mission street, on Tuesday of this week. The event, a bridal shower, was held in the honor of her daughter, MRS. SYLVIA HALL whose husband is expected home on discharge shortly from the U. S. Air Forces. Many relatives and friends gathered at the event and were served with most delightful refreshments. Many beautiful gifts were received by Sylvia. Mrs. Cruz is the siter of Mrs. Marie Markgraf and the mother of Airman Syl Cruz Jr., now in Japan.

Servicemen

DEAN CLARK of Niantic avenue is home on leave from the U. S. Navy. He is due for discharge in a few months and all his many friends are certainly glad to see him back and looking so fine. Welcome home, Dean.

PVT. LARRY MOY came home on a pass Saturday of last week. He is currently at Fort Ord where he is just about finished with basic training. Larry leaves the States in two weeks for that well known place, "Korea." Good luck, Larry.

MRS. JACKIE CONSTANTIN, the erstwhile Jackie Frellsen, was the happy and much surprised recipient of a visit from her husband, PVT. GEORGE CONSTANTIN, on Saturday of last week. Jackie was all set to drive down and spend the weekend with him when he came home. Jackie is well known to all the neighbors, being the daughter of "Foofie" of the wandering Harlans and the granddaughter of MRS. CLARA POKET.

There are many times in a person's life that joy comes to us. Joy as a youth, as a mature person, in the accomplishments of one's children and most of all the joy and happiness of a loved one coming home after a long absence in the service of his country.

To a mother, a son returning after being gone for a long time, the joy is unsurmountable! This week, such happiness came to the home of MRS. GAY EAGEN of Los Olivos avenue. She is the mother of two other sons, one who has finished his service and one who still has several more months to go and two youngsters who in their own time will in all probability follow in the foot steps of their older brothers. All the congratulations and best wishes for the Eagen family on the homecoming of their son, DICK, are extended by the neighbors, who have known and loved them for so long. The best part is, neighbors, that another boy is home! DICK has been on the USS Mark, an ammunition ship, for the past two years, with most of the time spent in Phillipine or Japanese waters. Welcome home, Dick.

A family dinner was held at the home of MR. and MRS. ROBERT EVANS last week in honor of their son, GEORGE T. EVANS, D.M., USS General Randal, who is leaving today for Yokahama. George is on a transport which brings troops overseas and also returns them home. George is the only dental technician aboard ship. Attending this affair were MISS ELEANOR DOWDY of San Bruno, fiancee of MR. ROBERT EVANS, MR. and MRS. RALPH STEWART JR. and their two charming daughters, ROBIN, 15 months, and SUSAN, 9 weeks, MISS MARY LOU EVANS and MISS MADELINE BAUERS of Daly City. Here is the address folks and don't forget the mail — GEORGE T. EVANS, D.M. (T.A.P. 115 c/o Fleet P.O., San Francisco.)

News and Views

MRS. SHIRLEY MILLER of Los Banos avenue entertained company over the weekend. Her friend and classmate at Jefferson, MRS. CAROL PRICE, of Redwood City, arrived to surprise her. Carol's husband is in the U. S. Navy and at the present time is in Korea.

MR. FRANK BOSKEY of Alp street had an accident last week. He broke the index finger of his left hand. This in itself is bad enough but what makes it far worse is that Frank is left handed. Try the right hand next time, Frank.

MISS JUDY MARKGRAF of Theta avenue entertained at a birthday party last week. The little lady who is now even, had as guests many relatives and friends. A happy birthday is wished Judy from all of the neighbors.

There is a new baby in the home of MRS. MORROW of Mission street this week. JULIA ANN, who scaled 8 lbs. 10 ozs., arrived to be welcomed by her two sisters and one brother. Her father, JOHN, couldn't be present for this event. Seems he is a 2nd Lieutenant in the U. S. Air Force stationed at Dobbins Air Force Base, Georgia. It won't be long though before daddy is home as he is expected to arrive about the fifth of June. Daddy is an experienced traveler, having had 15 years of service in the Air Force.

MRS. CLARA POKET of Mission street left Monday evening for an official visit for the Y.L.I. as a delegate. Clara is going to be one of the most busy ladies in town as she is a delegate to several conventions which will be reported at a later date. Have fun, Clara.

A meeting for officers and members of Hillcrest Circle No. 143, U.A.O.D., was held at the home of MRS. EVE HOBBS of Risel street last week. The purpose of this gathering was to lay out plans for the activities of the coming term. Seems there are going to be many activities for the Circle this term which should be of interest to both old and new members.

The entertainment put on by the children of the public schools last week was most enjoyable. From the little ones in kindergarten to the older ones in the upper grades it was well done. There were many types of dancing and the children really knew what they were about. A lot of credit for this performance goes to the teachers who spend so much of their time with your children and mine.

Another member of the OLPH class of '46 became a bride Saturday. At a Nuptial Mass held at Our Lady of Perpetual Help church, MISS KATHLEEN CURTIN became the bride of MR. PATRICK O'LEARY, Rev. James Moher officiating.

Kathleen is more than well known in our town, having spent her grammar school years at OLPH and then attending Immaculate Conception Academy with many of her friends. She also was the very helpful little blond with the nice smile we all used to see when we went into Warshawski's to get many a needed article. All the best wishes for many years of happiness are extended to these two young people by all the neighbors.

Well, neighbors, another week and, of course, another column are finished. There is always something of interest to "your neighbors and mine" happening in this town of curs. All you have to do is let me know about it at the old phone number—PL. 5-6482. Please try and get the news in no later than Saturday as it does take time to type it up. Been lots of fun hearing from all of the folks and I'll be seeing you again next week.

Granting that the carburetor often is blamed for conditions that it does not cause, many motorists try to overcome faulty carburetor adjustment by changing gasolines, points out the National Automobile Club. It rarely works.

CAB DRIVER ROBBED HERE BY JUVENILES

A pair of juveniles relieved a San Francisco cab driver of his vehicle and $30 here early Monday morning.

Owen Rowell, 34, a driver for the Home Cab company, told police he picked up two youths in downtown San Francisco and was ordered to go to 32nd avenue and Anza street. Once there, one of the passengers got out and went to the driver's window.

Pointing a pistol through the window, one of the juveniles told Rowell, "Don't make a move and you won't get hurt. This is a holdup." Rowell was forced to move to the right side of the front seat.

The bandits drove to a site on Skyline boulevard south of Alemany extension, robbed Rowell and drove south in the cab.

Summer Swim Campaign Opens June 15 At Jefferson Union High School Gym

The Jefferson Union high school district announced dates of the summer swim campaign sponsored jointly by the district and the San Mateo county chapter, American Red Cross.

Instruction will be given at the Jefefrson Union high school pool, Daly City. The courses commence June 15 and will run through August 21. There will be five campaigns, each campaign running eleven days, and each class one-half hour long. Instructions will be given from 8:30 a.m. to 12:00 a.m.

These classes will be taught by accredited Red Cross instructors, and are available to non-swimmers, beginners, intermediates and swimmers.

Registration blanks have been distributed to all elementary school and must be properly filled in and returned in person with a fee of $2.00 to Jefferson Union high school in care of Michael Orlich. Registration hours every evening from 7 p.m. until 9:30 p.m., and Saturday from 2 p.m. until 4 p.m.

Michael Orlich, athletic director at Jefferson, in charge of the Red Cross swim campaign, said: "This summer's swim campaign is designed to train youngsters in the rudiments of swimming and water safety. Many drownings are the result of ignorance or carelessness. Red Cross water safety training combats both of these major causes of catastrophe. We urge everyone who can not swim to avail himself of the opportunity offered by the Jefferson Union high school district and the Red Cross.

News From The Parks

Edgewood

A new ball game has been introduced at Edgewood. After drawing four squares on the ground, Barbara Sears has taught Christine Enberg, Janet Pope, Frankie Sears and Michael Steele how to play Four Squares. Tommy Enberg, Ronnie Sears and Donny Bridges act as supervisors since they are already familiar with the game.

Frankfort

Toy soldiers, tanks, anti-aircraft guns, jeeps and trucks appear to be the favorite play objects of children with older brothers and other relatives in the Armed Forces. Richard Austring has quite a collection of such toys and readily shares them with the Rather boys, Mike and Steve. Also enjoying this mock warfare is Johnny Kenny, Wayde Smith and Raymond Kenny. Even the girls will help out in planning fortifications, attacks and passwords. Beverly Overton, Margaret Hefferen and Lucille Martinez were among those girls on this planning committee.

Kickball is still one game where boys and girls are evenly matched. Patsy Smyser, Nancy Young, Donny Yates, Garry Smith, Cecilia Villa, Dick Pimley, Aves Lippert, Carol Smyser, Manuel Villa and Mike Smyser are daily participators of this sport.

Frankie Difu and his brother Stephen with Danny Collins and Danny Caratti are trying to work out a few football scrimmage plays.

Kitty Rather received a beautiful blue hat for her birthday and before going horse-back riding she showed it to all the children in the playground.

Stealing bases seems to be a skill as well as pitching, catching or batting in baseball. Trying to improve their technique in speed and timing are Ronald Monti, Douglas Parks and Tony Di Virgilio. These boys practice base stealing until they are quite sure that they can successfully attempt it in a game.

Moving to a ranch in Santa Rosa are the Difu boys, Frankie and Stephen. Also moving, but not so far away, are the Rather children, Mike, Kitty, Sharon and Stevie.

Marchbanks

Marchbanks' amazing track and field men completely dominated last week's Junior Olympics held on the Jefferson high school oval.

Copping victories in almost every division the Marchbanks Club walked away with 13 first place medals and double this number of second and third place ribbons in the boys' division alone.

Leading the Marchbanks team to triumph were 1st place winners Bob Graub, high jump; Lowell Kleiser, 75 yd. dash; Al Gerrans, football throw; Al Bocci, broad jump; Jerry Kennedy, baseball throw; Dick Moon, 50 yd. dash and Sonny Martinez, high jump.

In the girls' division, Arline Storm and Sandra Gonzales made a collection of first place medals as they led the girls to an overwhelming victory.

Baseball News

The hard hitting Pedroni A. C. nine eked out a close 3 to 1 victory over Walt Gillis Suds in a well played contest at Marchbanks last Saturday.

The game Suds couldn't seem to solve the pitching styles of Rich Watso and George Pedroni, who combined to limit the Gillis team to three hits.

Ron Bloom and Darryl Hadley who handled the mound chores for the losers, pitched good ball but were plagued with poor support afield.

Hitting stars of the day were Pedroni's Frank Mecchi, Bob Grubb and Ron Bourdon.

The victory by the Pedroni outfit avenges a 7 to 1 licking suffered earlier in the season at the hands of the Suds.

Pack 84 League Champs

The spectacular undefeated Cub Pack 84 who annexed the National League title in the West of Twin Peaks Cubs Softball tournament a few weeks ago, crushed St. Anne's Pack 15, winners of the American League,, in a thrill packed contest played at McCoppin Square Playground last Sunday.

The close 4 to 3 victory gives the Broadmoor club undisputed possession of the West of Twin Peaks League championship, and marks their ninth consecutive league win against no defeats.

The local team jumped to an early 1 run lead but a 3 run barrage by St. Annes left the Broadmoor club with a 2 run deficit going into their half of the fifth.

Coming from behind as they have in so many previous games this season, the plucky Pack 84 club led by Webby Parker and Dinnie Harris smashed 3 runs across to gain a lead of 4 to 3.

Little Bobby Goodwin was the real hero when, with only 1 out and the tying and winning St. Annes runs on base, he forced the next two batters to pop up and ground out to retire the side.

Daly City can well be proud of these mighty mites for bringing home the title. Congratulations, Cub Pack 84!

OLPH B's Defeated

The Perpetual Help B squad, newly crowned champions of the elementary school B league, traveled to St. Mary's Park last week and suffered their first set back of the season at the hands of St. Johns nine.

Errors hurt the local club in the early innings as the St. Johns team pushed across 16 runs before Perpetual Help could get on the scoreboard. The Daly City team, settling down in the late innings, managed to hammer more runs home, but it was a case of too little too late, as the local team bowed 16 to 9.

Boy Of The Week

This week's unanimous choice for boy of the week is Jeff's Andy Ruelas. Andy can always be found at the playground either on the diamond, the basketball court, or the apparatus. Wherever there is an athletic activity Andy is sure to be around. This good looking, curly haired lad, who is a freshman at Jefferson high school, says football, diving and basketball in that order are his favorite sports. A credit to himself and his community is Andy Ruelas, Marchbanks' Boy of The Week.

Correct Usage Of Dwarf Ageratum Will Pay Dividends

A field of dwarf ageratum in full bloom is a memorable sight. But it cannot compare with the filigree of blue this profusely-blooming annual will lay along some garden path, or the sunny edge of a well-designed flower bed. Masses of flowers are impressive, but the real enjoyment is derived from correct usage. Dwarf ageratum definitely belongs in the home garden as a finishing off touch rather than in mass plantings.

According to the Bedding Plant Advisory Board, ageratum is available in both compact dwarf and taller free-growing types. The flowers of both are the same soft lavender blue, although a shade of pink is occasionally available in the dwarf form.

Ageratum is a wonderful warm weather annual. Bloom is constant throughout the summer and literally covers the plant. The soft blue shade combines well with most colors but blends particularly well with pinks, yellows and whites such as dwarf pink begonias, dwarf yellow marigolds or arabis alpinis.

In setting out ageratum plants from flats the ground should be well leveled and the plants thoroughly watered as soon as planted, as they tend to wilt upon transplanting. They require a rich well drained soil and like a steer manure or peat moss mulching. They are sun lovers but will stand some shade. And for painting bright ribbons of blue through a garden, they are one of the best of all plants on your palette.

Teen-Age Casaba League on Monday

Summer-time basketball will be the order of the day Monday when Daly City's teen-age league gets underway at 7:30 p.m. in the community center.

The league, open to all high school youth and incoming freshmen of the area, is under the sponsorship of the local recreation department and Mike Orlich, Jefferson high coach.

Deadline for entering the circuit is today (Friday) at 5:30 p.m.

The league will consist of lightweight and unlimited divisions.

To date a total of eight teams, four for each division, have entered the race.

Lightweight contests will be held Monday nights at the center, with varsity games scheduled for Thursdays. Two games will be held each evening of play in the double-round robin league which is slated to last six or seven weeks, according to Dick Milkovich, who is directing the summer teen-age cage program.

A branch post office for the convenience of exhibitors and visitors will be located at the California State Fair, September 3-13.

Awards totaling $33,000 will be made to owners and riders at the California State Fair Horse Show, September 3-13.

LAKE MERCED VFW HONOR WAR DEAD

Members of Lake Merced Post No. 9921, VFW, and their Ladies Auxiliary attended the Memorial Day ceremonies at Golden Gate cemetary.

The post and auxiliary posted their colors and banners in honor of departed comrades. Members of neighboring Veterans of Foreign Wars Posts, American Legion and D.A.V. Posts and other service and civic groups joined in solemn tribute to these comrades who made the supreme sacrifice.

Members of the Post and Auxiliary placed wreaths on the graves of relatives and on the stone of an unknown serviceman as a token of remembrance to all departed comrades.

On Memorial Day evening, members ofthe Post and Ladies Auxiliary were hosts to the members of Junipero Serra Post No. 7216, VFW, of So. San Francisco.

A "Dinty Moore" dinner was served followed by an evening of bingo and dancing. Over fifty comrades, sisters and guests attended. Junior Past Commander D. Bell stated, "this was the best darn feed he has had in some time and hopes next year to come back." "That's what you think, next time it's on you, we hope!" stated Commander Cuykendall. However, a grand time was had by all, the Post reported.

At said election 2687 votes were cast; 2112 of said votes were cast in favor of the issuance of said bonds, 551 of said votes were cast against the issuance of said bonds, and 24 ballots were void and not counted.

Such proposals and bids may be addressed to said Board of Supervisors and bids may be made for either the whole issue of said bonds or for parcels thereof. Bids must be for not less than the par value of the bonds bids for, and be payable in cash in lawful money of the United States. News From The Westlake Imp. Association

By The Board of Directors

The firm of Huetting, Schromm and Bennett, Palo Alto contractors, was awarded the bid for the planting of new trees in Westlake to be completed within 120 days. Their low bid was $3940.00. The terms of the bid generally call for excavating and disposal of present trees, digging of hole 20x20x20, filling with good rich topsoil to 16", planting of recommended tree to meet inspection in accordance with all terms of the bid subject to approval of August Conci, acting in behalf of the Association.

The architectural committee deserves much credit. Directed by C. J. Norton and assisted by August Conci, park superintendent of Daly City, set up the specifications and will follow up on the planting to insure that the money spent this time will definitely not be wasted, but will afford all of us lasting beauty in our community.

It is necessary that residents cooperate fully with the men doing the planting, which actually occurs within seven feet of the curb, this being officially public property although it fronts your property.

Please remove any plants or fences or brickwork where the trees will be planted. After planting DO NOT plant or decorate area to prevent damaging or possibly killing the trees. Trees need free areas around the base of their trunks in order to breathe properly.

These men will be working on a time basis and we would appreciate your not interrupting their program. Refer all questions to either the architectural committee or the board of directors. The association will arrange future prunings so that the trees will receive professional care.

The architectural committee has asked that all residents, whether they are paid up members or delinquent, submit requests and swatches of colors of paint to the committee if they intend to repaint their homes as required by the by-laws. This is desired to avoid complications. It is the desire of the committee to be cooperative and reasonable in these matters; your cooperation can help avoid violations and subsequent hardships and possible civil court action.

The board of directors consisting of J. Toboni, president; H. Dunbar, vice-president; W. Ziegler, treasurer; E. Molkenbuhr, secretary; and A. Lumardi, Sgt. at arms are to be commended for their constructive efforts in your behalf as we reach the half way mark in 1953—a year of accomplishment for you, the members.

Tom Callan, San Mateo county supervisors, was a guest of the board of directors at their monthly meeting at the clubhouse on Monday night, June 1, and answered questions regarding taxes, sewage disposal plant and proposed roads.
